

CSS SEMINAR

AUGUST 14th 2010

Bullying in God's Family

Keynote speaker : Bro Simon Dodson. Principal - Heritage College Cooranbong.

Followed by forum discussion

Since men and women were created
some people have chosen to exert
damaging power over others.
We now call that "abuse".

Bullying is one form of abuse which should never
be experienced in God's ecclesia.
Unfortunately, it is, and that behaviour
damages His children -- emotionally and spiritually.

Simon and, later, the forum members
will explain what bullying is;
why it is so damaging
and how it occurs in school,
business and ecclesial life.

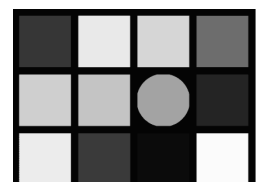

Having identified the issues the seminar will
explore Christ-like ways
to react to bullying behaviour.

**Dinner will be provided
at reasonable cost.**
